

Job title	<i>Media Executive</i>
Start date	<i>ASAP</i>
Location	<i>Sheffield UK</i>

Company Overview

We are a new start up, dedicated to the professional drone industry, who have recently received funding to expand the team and grow the business.

We don't take ourselves too seriously but know what is required to make and grow a great company. We want people who are willing to get stuck in at all costs and work hard, but be rest assured, we are a young company with huge ambitions who like to have fun at the same time.

Duties and responsibilities

As the Media Executive your responsibilities will include:

- Work closely with marketing and sales
- Liaise with operators to acquire footage and metadata
- Store, log, cut and post-process stock footage
- Producing showreels
- Simple storyboarding and scripting

- Producing/Directing/Camera operation
- Pre & Post-production/editing

Experience

Experience include:

- Media University Course and/or 3+ industry experience
- Knowledge of all production stages
- Camera operating skills
- Experienced with Adobe CC (Prelude, Premiere, After Effects, Photoshop, etc)
- Creative/critical thinker
- Self-motivated and hard working

Additional Information

- Be one of the first employees in a new start up with the chance to grow with us
- Fun and vibrant company
- Free drinks & snacks and Friday lunches
- Opportunity to fly drones and be creative

Job Purpose

Being an online media business, the Media Executive role serves the purpose of growing and managing the extensive Airstoc library and also the creative role of being involved in outward facing marketing media materials, utilising drone technology.

If the job is of interest, please send in your CV and Cover Letter to hello@airstoc.com
